## THE NEWS FROM COUNTY TOWNS

## MILTON JUNCTION.

Milton Junction, Dec. 6.—A very pretty home wedding took place Monday night, December 3 at the residence of C. C. Clarke uncle of the bride, when Harvey L. Burdick and Beulah Burdick were united in marriage, the ceremony being performed by the Rev. G. W. Burdick, father of the groom. There was an undercurrent of sadness throughout the evening caused by the serious illness of the bride's sister, Flora, and by the departure the next day of the groom's father for future field of work in Wellston, Iowa. Those from out of town who attended the wedding were Mr. and Mrs. George Watson of Stoughton, Mr. and Mrs. Ed. Watson of Hanover, Miss Mizpah Sherburn of Chicago, Mrs. Richards and two sons of Delavan, Mrs. L. C. Burdick of Albion, Mrs. Stocking of Sharon. A large number of beautiful and costly presents were given. The young couple will be at home at his father's farm after January 1.

Mrs. Kumlein and children of Albion visited her parents, Mr. and Mrs. Thomas Langworthy last week.

Charles Gray of Minnesota has been in town called here by the serious illness and the death of his mother.

The I. O. G. T. apple social was well attended and much enjoyed.

## CAINVILLE.

Cainville, Dec. 6.—Elder George De Beer has gone to Janesville, and from there he will go to Baraboo to the Advent church conference.

Geo. Manners has come home from Chicago to stay with us for a few weeks. He intends to go back about the last of the month.

Wm. Ward and Ed. Mitchell were in Footville one day this week on business.

It seems queer that the Magnolia boys cannot go anywhere without a lot of hoodlums trying to pick a fight with them. But they will find out in time that they cannot be bluffed, always ready to satisfy anybody and always carry away honor. Treat the boys right and they will do the same to you, but remember that they can be bluffed.

Wm. Acheson of Footville was in town a few days.

Tom and Rudy Worth expect to go

to Minnesota and make their future home there.

A baby girl arrived at John Knight's Friday morning.

Wm. Ward has quit the railroad and intends to grind feed this winter. All farmers who want a good job done call on the professor and he will give satisfaction. Don't come too early.

The man who was scratched on the wire fence about a month ago is improving. We think he will be careful in handling wire next time.

Mr. and Mrs. W. O. Cain were to Footville one day last week.

We understand that Frank Clark and B. L. Andrew bought the Albert Keltz place.

The officers elected at the last meeting of the M. W. A. were Dell Townsend, B. S. Andrew, Frank Chase, John Horan, Thomas Meeley, W. Werthing, Chas. Bennett. They will take charge of their offices January 1st.

## AFTON.

Afton, Dec. 6.—At the regular meeting of Solid Rock Camp No. 1127, R. N. A., held last Friday afternoon, one new member was adopted, and Miss Jessie McCrea was installed as recorder in place of Miss Sarah J. Drafiel, resigned.

The Baptist Sunday school voted last Sunday to hold a Christmas entertainment, as usual, this year.

Both departments of the Afton public school united in giving a Thanksgiving program last Wednesday afternoon, which was creditable alike to teachers and pupils.

Mr. and Mrs. Frank Blunk came up from Hebron, Ill., to spend Thanksgiving with Mrs. Blunk's parents, Mr. and Mrs. W. H. Eldredge.

The many friends of Prof. R. J. Eddy who reside in this vicinity will be pained to learn that he is not recovering as fast as was anticipated, from his recent serious illness. He is at present at his old home in Beloit.

Mrs. W. G. Waite and son, Allen, of Harvard, Ill., ate Thanksgiving turkey with relatives here.

Miss Carrie Atwood has returned to her Rockford, home after a short visit with Afton relatives.

## AMUSEMENTS.

Lecture for Ladies Only.

Dr. H. B. P. Cristion lectured to a large audience of ladies at the Myers Grand yesterday. There is another lecture this afternoon. This distinguished gentleman who has just left the Paris schools where the science of beauty and physical culture are taught, is fully the master of his subject, and it will benefit all ladies to attend this lecture, as it will impart to them the many hints and valuable information which to the American women are unknown, but which if learned and put into practice cannot but result in improvement. The doctor says that in France a lady of sixty is not passe, but in the prime of life. Husbands are proud of their wives' youthful appearance. The great trouble with American ladies is that they use too many nostrums which destroy the delicate texture of the face, instead of improving the complexion.

The Tyranny of Tears.

"The Tyranny of Tears," which Charles Froman offers at the Myers Grand next Saturday evening, will not be seen here after the coming engagement, as the great number of that manager's enterprises have made him adopt the policy of offering something new each season. Besides, controlling as he practically does the play market on both sides of the Atlantic, he must keep continuously producing in order that he may keep the play-wrights satisfied to remain under his control. Therefore, although "The Tyranny of Tears" made a greater success in New York than any other comedy seen there in years, it must be retired at the end of this season.

Manager P. L. Myers personally guarantees the Chas. H. Frohman production of the "Tyranny of Tears" to be one of the best performances ever brought to the city and if any person who witnesses it is not thoroughly pleased the admission fee will be returned to them. The press of the entire country and the leading papers of Wisconsin in the cities in which it has appeared give the production unlimited praise. The sale of seats opens at the box office tomorrow morning at ten o'clock.

Marriage Anniversary Reception.

Mr. and Mrs. John Heller held a reception at their home, 109 North Franklin street in honor of the ninth anniversary of their marriage. The house was handsomely decorated and about fifty of their friends gathered to assist

them in celebrating the happy event. An elegant banquet was served and enjoyed by all present. The evening was pleasantly spent in games and other amusements.

Knights of the Globe.

Officers for the Eminent Ladies' Garrison Were Elected Last Night.

The Eminent Ladies' Garrison of the Knights of the Globe was instituted in this city yesterday afternoon by Mrs. Emma Krafte, Supreme Eminent Lady, Commander of Freeport, fifty-eight members being enrolled. The charter remains open for two weeks. The following are the officers installed for the first term:

Effie Taylor—Chief Justice.  
Mary Morse—Supreme Judge.  
Charlotte Fisher—Judge.  
Ella Wright—President.  
Bessie Brown—Vice President.  
Alise Mason—Commander.  
Grace Wright—Lieutenant Commander.

Kittie Crosby—Quartermaster.  
Lillie McClifford—Adjutant.  
Edna Mosley—Provost Marshall.  
Alma Ashbaugh—Guard.  
May A. Kramer—Sentinel.  
Libbie Hanson—Collector.  
Caroline Lester—Reporter.

Another meeting will be held at the Good Templars' hall on Monday evening next to receive new members. The membership will be limited with one hundred members and Miss Bertha E. Tucker, the recruiting officer of the garrison will remain with it two weeks longer, with a view of closing the charter with one hundred members. The garrison has an excellent corps of officers who are well qualified for the positions to which they have been elected. The name chosen for the garrison is "Clara Barton Garrison."

Horseshoers Elect Officers.

At a meeting of the horseshoers' protective association, Tuesday night, the following officers were elected for the ensuing year: President, E. D. Mosley; vice president, Chas. Eller; secretary, Elias Heller; treasurer, James Gardner; finance keeper, Wm. Kuhlow; door-keeper, M. A. Eddington; janitor, J. W. Lawrence.

At present the organization is in a flourishing condition. All bills have been paid and the treasury shows a good balance. Since the organization of the association a more friendly feeling has been cultivated among the members than formerly existed. It is the intention of the members to give a social gathering on New Years afternoon and evening to which the members of the Edgerton association will be invited.

## THE CHINESE CRISIS ENDS.

The Several Powers Reach an Agreement.

GERMANY FALLS INTO LINE.

Questions of Punishment and Indemnity in an Indefinite Shape—The Text of the Demands Mr. Conger is Authorized to Sign.

Washington, D. C., Dec. 6.—American diplomacy has averted a world of strife over China and insured the preservation of the integrity of the empire, if the agreement reached by the foreign ministers in Peking is carried out with the scrupulousness as to details which Secretary Hay will insist upon. The authorities have been greatly encouraged by the exchange of views which has occurred between the powers, but it was not until tonight that they felt justified in making known the following important development, which has taken place: The powers have agreed that it will be injudicious to insist upon demands which China would be compelled to reject and which would make necessary a renewal of military operations.

**China Expected to Accept.**  
Under instructions issued by the several governments the ministers of Peking at a meeting yesterday formulated demands in accordance with views entertained by the United States, Russia, France and Japan and now shared by Great Britain and Germany which China will accept. Minister Conger has been instructed to sign the agreement adopted by the ministers. Far reaching are these developments. In the opinion of well-informed officials and diplomats they mark the most important step toward a peaceful solution that has yet been taken. Information which reached here gave the officials to understand that if the powers had approved the original demands of the ministers, contemplating the execution of an exorbitant indemnity, Li Hung Chang and Prince Ching would have immediately rejected them. In view of the moderation shown in the amended demands it is known they will be accepted not only by the Chinese peace envoys but by the throne.

**The Demands in Detail.**  
These are the demands Mr. Conger is authorized to sign:  
"Imposition of the severest possible punishment the Chinese government can inflict.

"Recognition of the indemnity due the powers for assassination of their subjects, damage to their property and expenses incurred in the dispatch of relief expeditions to China.

"Each power shall have the right to maintain legation guards in Peking and permanent guards of communication between Peking and the sea.

"The forts at Taku and other forts on the Gulf of Pechili shall be razed and the importation of munitions of war hereafter prohibited.

"The abolition of the tsung-li-yamen and the appointment of a minister of foreign affairs, who shall be authorized to conduct business with the representatives of foreign governments, and the foreign representatives shall have the right to have audience with the emperor as permitted in foreign states.

"Suspension of provincial examinations for five years and removal from office and punishment of all officials who hereafter fail to make proper effort to protect foreigners.

"Erection of a monument in honor of Baron von Ketteler on the site where he was murdered and dispatch of an imperial prince to Germany to tender apology for the outrage.

"Publication of imperial proclamation throughout the empire for two years directing the suppression of the Boxers."

**Illinois Wars on Trusts.**  
Springfield, Ill., Dec. 6.—Attorney-General Atkin is preparing to begin several hundred suits against corporations for alleged violation of the anti-trust law. The suits will be in the nature of information in quo warranto to forfeit charters, and Gen. Atkin will ask leave of the Circuit court of this county to file five of them in a few days.

**Czar Continues to Improve.**  
Liyadia, Dec. 6.—The following bulletin regarding the condition of Emperor Nicholas was issued today: "The Czar has passed the last twenty-four hours very well. His convalescence is following generally a favorable course. Last evening his temperature was 98.1 and his pulse 78. This morning the former was 97.4 and the latter 68."

**Dutch Premier Hesitates.**  
The Hague, Dec. 6.—During the debate on the budget in the second chamber here today, the premier, Dr. Pierson, declared that he could not at present foresee the psychological moment when the Netherlands would be able to propose arbitration between Great Britain and the Transvaal.

**New Infirmary at Elgin.**  
Elgin, Ill., Dec. 6.—The woman's infirmary, a new addition to the Illinois northern hospital for the insane, is completed and has been thrown open to the public for inspection. Next week patients will be admitted. The home is for aged and infirm women and cost about \$38,550.

**HEADACHE**  
Is only one form of the suffering resulting from a diseased condition of the sensitive womanly organism. The only way to cure the headache is to cure the diseases which cause it.

The use of Dr. Pierce's Favorite Prescription has been the means of curing thousands of women of headache, backache, female weakness and other forms of disease peculiar to women. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures bearing-down pains.

"I think if it were not for your 'Favorite Prescription' I would have been in my grave," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 14. "I had pain all over me, and such a dragging feeling it seemed I could not do my house work. I had to sit down to wash the dishes, even. In the year 1897 I was so sick I did not care to live and prayed many times that God would take me. One day I thought I would write to Dr. Pierce. In a few days I received an answer. I decided to try his medicine, and to-day I am a well woman. I have no headache, no pain at all. I used always to have headaches previous to the monthly period, and such pain that I would roll on the floor in agony. This sometimes would occur every two weeks, and I would be very weak afterward. I was in pain all over. My feet would slip from under me when I would try to go across the room, and I could not walk any distance without being in pain. I took three bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery' and three vials of Doctor Pierce's Pellets, and was completely cured."

## BEYOND DOUBT.

These Facts Must Convince Every Janesville Reader.

That which follows is the experience of a resident of Janesville. Incredulity cannot exist about the statement because it can easily be investigated.

Mr. H. P. Hanson, of 108 Pleasant S. engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the People's drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

## THE DEWEY ARCH.

Some two years ago the city of New York conceived the plan of building an arch to cost \$200,000, and dedicating it to Admiral George Dewey. Committees were appointed, solicitors sent out, and after spending two years of time and \$6,000 in money, the project is abandoned for lack of interest and enthusiasm.

New York is unfortunate. The city had a similar experience with a Grant monument a few years ago. Deliberation is a good thing to possess as a rule, but it is death to any enterprise that is dependent on enthusiasm, that is inspired by impulse. If New York had said the day after Dewey entered Manila bay, "We want \$200,000 for a memorial arch, and want it in ten days," the money would have rolled in from all parts of the country; but Dewey on the bridge, speaking for a nation with American guns, that were heard around the world, and Dewey in Washington, speaking through the medium of a new wife, whose principal endowment was a lack of wisdom, are two different propositions.

The same was true of Hobson. A great man on the Merrimack, steaming into Santiago harbor, and to what appeared certain death, and Hobson the school boy in the arms of his fool lady friends.

When General Lawton fell at Manila, American impulse and generosity said, "his wife must be taken care of," and \$100,000 was contributed in a week. If the project had been delayed sixty days it would have been a failure.

The Galveston flood opened American hearts and American purses all over the land, but it would be difficult today to collect a carload of second-hand clothing for Galveston.

American enthusiasm is of the old fashioned methodist camp meeting type. It goes with a hallelujah shout, but don't warm over more than a cent. Hero worship demands more than a live hero. We must be on the bridge or quarter deck, hot on the trail. Heroism depreciates with age, especially if the hero is not fortunate enough to die in a full blaze of glory.

New York is a conservative city. If she has occasion to erect any more memorial arches or monuments, it will pay her to send a committee of observation as far west as Chicago at least, to study successful methods of handling American enthusiasm.

## THE WARDS OF THE NATION.

A careful reading of what the president has to say concerning the Filipinos will convince the most skeptical that he regards these benighted people as the wards of the nation, inherited, unsolicited, as the fortunes of war. His worst enemies will not accuse him of declaring war with Spain for the object of territorial acquisition. There were no politics in the declaration or in the war. It was not possible for Dewey to abandon Manila bay until peace was declared and long before that date, international rights demanded American protection. The president has rightly named the people of the islands, "the wards of the nation." A ward is always a dependant. The term implies weakness of some nature, and when applied to a child, a class of defective people, or a weak and helpless race, it means that a guardian has taken the responsibility of care and guidance.

The Filipinos have needed a protector for 400 years or more, and when they discover through the dim vision of ignorance that has so long enveloped them, that the Stars and Stripes represent freedom of the broadest and grandest type, they will submit as willing wards to be led out through the gateway of enlightenment, into the broad sunshine of independence.

The moral obligation resting upon the United States is as sacred as the duty that a faithful guardian owes to a helpless child. President McKinley recognizes the sacred trust, as do a large majority of the people of the land. He will be loyally supported in his efforts to improve the conditions of the nation's wards.

The framers of the oleomargarine bill must not forget that they are favoring a food, every ounce of which contains millions of bacteria, as against a like food, every ounce of which cannot possibly contain a single germ. The butterine makers have just as much right to expect the support of the people as the butter makers, if they put out as good a product.

The supreme court of Michigan is to be congratulated on its refusal to be influenced by a petition to the effect that it ought to be lenient with a man who sought to line his own pockets by defrauding the state. No state in the union has any use for such patriots or their sympathizers.

## LAWYER WM. BYRNE PUTS UP A FIGHT

### RESISTS FORCIBLE EVICTION BY AGENT, C. C. MACLEAN,

In the Melee which Followed, the Attorney Gets in a Conflict with an Officer of the Peace and is Marched to the Lock-Up—The End of the Trouble is Not Yet.

Solicitor William Byrne has at last met his match and rests in the city lock up for resisting an officer. Byrne has been occupying an office in the Scarcliff Block, next to the First National bank of which Colon C. MacLean is the agent. Byrne was not liked by the other tenants in the block and a protest was made by them to Mr. MacLean.

In order to keep the other tenants in the building MacLean served a thirty day notice on Byrne to vacate the office. Now Byrne had just been through a legal fight over the same question with Messrs. Wise and Barlow and managed to stay in their office about nine months after the first notice to vacate was served upon him. His success in that case led him to believe that he would do the same with MacLean, that he had with Wise and Barlow and when the thirty days was up he refused to get out. Byrne, evidently had not figured on the man he had to deal with, or he would have vacated the office without making trouble.

However, he did not and this morning Mr. MacLean enforced by Officer Brown visited the office and proceeded to put Byrne out into the street. Byrne was game and he did not give up without a fight and sailed into MacLean and the trouble commenced. The fight was carried down the back steps of the block onto River street. Here they clinched again and MacLean soon had Byrne on his back on the ground and the first round ended in MacLean's favor.

The second round commenced when Byrne arose from the pavement. He started for MacLean again and Officer Brown interfered. Byrne immediately started in to do up the officer and for a few minutes things looked as if a fight to the finish had started. Brown tried to quiet Byrne and only succeeded in getting into a worse mix up than he had in the first part of the round.

He finally decided that he had had enough of Byrne's fighting and taking him by the collar started him for the lock-up two blocks away. Down River street they went Byrne kicking, striking and scratching at the officer and threatening him with all kinds of trouble through the medium of the courts. Brown never let go but took Byrne to the lock up and locked him in a cell.

While this part of the show was going on MacLean was not idle, but with a force of men he proceeded to take the goods and chattels of Byrne out of the office and deposited them in the street, near the main entrance to the block on River street. A coal stove with a hot fire in it seemed quite a proposition to the men removing the goods, but that was soon overcome and placed in the street along with the rest of the goods.

The end of the affair is not yet. Byrne threatens to call down all the powers of the law upon the heads of MacLean and Brown and the outcome of the affair will be watched with much interest. Byrne is a fighter of recognized ability and MacLean has a number of victories to his credit. The knowing ones say that it will be a hard fought contest.

Chief Hogan brought Byrne into the Municipal court this morning at 2 o'clock. Byrne presented a very dragged and battered appearance. His idea was that some one was trying to kill him and he told Chief Hogan he wanted to kill himself and asked the chief to give him something to kill himself with. Chief Hogan wanted to know what he wanted and he said anything. The chief said all right he would go out and get it for him. Byrne next called for a doctor and officer Brown went out and brought in Dr. Joe Whiting, after the doctor arrived Byrne changed his mind and thought that he would not be examined.

His attorney, E. H. Ryan, was telephoned for and appeared in court for Byrne. The warrant charging Byrne with assault and battery was read and he pleaded not guilty. On motion of Attorney Ryan the case was adjourned until December 14 at 10 o'clock and the prisoner was released on his own recognizance.

## LAMINATED STEEL GETS FIRST HONOR

### ROCK COUNTY HORSES AT THE NATIONAL STOCK SHOW.

McLay Bros. and Alex. Galbraith's Exhibit Bring Words of Praise and Draw Prizes—Blooded Horses Have Made This Country Famous During the Past Few Years.

No one industry in Janesville has ever done more to advertise it throughout the country than the raising of blooded horses. During the time when the trotting meetings were being given the city was known from one end of the United States to the other as being the home of numerous celebrated horses and of having one of the finest mile tracks in the country.

The heavy horse business was also in its prime and the city was noted for being headquarters for some of the largest importers of a high grade of heavy horses. Buyers from all parts of North America came here to buy fine draft horses.

For a year or two horses had a set back and little was heard of them, but within the last two years the business has commenced to regain its former standing and at present the city is the home of some of the finest individuals in the heavy horse line in the country.

During the past season Alexander Galbraith and the McLay Bros have exhibited their horses at a number of the largest state fairs in the western country and have been uniformly successful in winning a large number of first prizes over the exhibits of other large breeders and dealers from all parts of the United States.

The latest honors to come to Janesville horses were awarded this week at the National Live Stock Exposition in Chicago. In speaking of the exhibits of Alexander Galbraith and the McLay Bros. at this exposition the Chicago papers say:

The great Clydesdale stallion Laminated Steel drew a large crowd to the stalls of Alexander Galbraith of Janesville, Wis. Laminated Steel carried off the first honors here, at Springfield and other exhibitions. In the class for 3-year-old Clydesdale stallions, Prince Goodwin, belonging to McLay Bros. Janesville took first prize. At the award of this prize the crowd, which occupied every seat in the amphitheater and surged around the ring, voted its approval by loud applause.

#### MAMIE BESSIE CLARK DEAD.

Consumption Took Her. Early This Morning at 158 N. Main Street.

Mamie Bessie Clark, daughter of Mrs. Ellen B. Clark, died at her home at 158 N. Main street early this morning aged thirty years. The immediate cause of her death was consumption from which she had been a sufferer for over a year.

The deceased was born at Monroe but came here as an infant with her parents and has spent the most of her life in this city. The last few years were spent at Dayton, O., where she was employed. There her health became impaired and in July she returned to her home in this city. Since then the decline has been steady and she looked forward to death as a welcome release from pain and weariness. At 6 a. m. the end came to the patient sufferer and she passed away without a struggle.

Miss Clark leaves a mother, four sisters and five brothers, one of whom is a soldier in the Philippines. Her father died last February. Within the past ten months death has entered the family four times.

The funeral will be conducted from the home of the Rev. A. H. Barrington at an hour not yet determined upon.

Miss Elizabeth Palmer will have a sofa pillow sale at her home, 115 Madison street on Friday, December the fourteenth.

Nothing is more appropriate for a Christmas gift than household linen. If you want to save money attend the sale now going on at Bort, Bailey & Co's. Cut prices prevail this week.

This evening the Imperial band will furnish music at the Palace rink. The art department of the Art club will meet with Mrs. W. H. H. Macdon on S. Jackson street, tomorrow afternoon at three o'clock.

A telephone message today from Beloit to Manager Myers states that fifty college students are coming Saturday night to witness the performance of "The Tyranny of Tears."

## CURRENT ESCAPES FROM THE RAILS

### Rock County Telephone Company Having Trouble with the Steel Street Car Tracks.

The Rock County Telephone company are having considerable trouble with their cables that are laid under the ground up West Milwaukee street on account of the escape of the electrical current from the street railway rails going down through the ground and ruining their lines.

The latest trouble is with a twenty pair cable which is burned out and made useless. This is not the first time that this has happened, only a short time ago another cable was burned out and had to be replaced. This burning out of cables by the waste power from the street railway rails is very expensive to the telephone company. It is claimed by the Telephone company, that the damage is caused by the rails of the street railway company not being properly bonded. The bondings become loose from the continual jar of the cars and the current runs off into the ground and attacks the first thing that it strikes that is a conductor of electricity.

The telephone company is not the only one that is complaining of the loss of current as a large number of service pipes on West Milwaukee street have been attacked by the current and almost ruined. City Electrician Kline has been investigating the matter and reports that the bonding is not properly made and that a copper return wire should be used to carry the current back to the power house. This is an ordinance regulating this matter but it is not lived up to.

#### REBEL LEADER SLAIN.

Aguilar and Fifteen Others Die in a Two Hour's Fight.

Manila, Dec. 6.—A dispatch has been received from Gen. Funston giving an account of a two hours' fight in the woods of Santo Domingo between an American force and 300 rebels commanded by Sandico. The American force, consisting of thirty native scouts, commanded by Lieut. Jernigan, attacked the rebels, who retreated, leaving on the field sixteen men killed, including the rebel leader Aguilar and an American negro. It was at first thought the latter was a man named Fagin, a deserter from the 24th infantry, but this turned out to be a mistake. Not one of Jernigan's men was wounded.

#### BOERS WELCOME IN TEXAS.

Representative Lacey Says That State Offers Greatest Inducements.

New York, Dec. 4.—A special to the World from Washington says Representative Lacey of Iowa, chairman of the committee on public lands, said in an interview regarding the coming to America of Boer families: "If the Boers want to come to America they will be able to find plenty of land. While a greater part of the most desirable land has already been pre-empted, there remains enough to furnish homesteads for all the families who come. I believe the state of Texas would offer greater inducements to the Boers than any other place. It is true there are no public lands in Texas. When the state entered the union it reserved all its lands and they are now known as school lands. These can be bought for from \$1.25 to \$2 an acre, with five years to pay it in. There will be several million acres of good land in Oklahoma opened for settlement in the spring. The Boers can find land anywhere in the west—Colorado, Montana, New Mexico—almost any western state. They can buy land there for very little or settle on the public domain and cultivate that land. It is a noticeable thing that everywhere Hollanders or Germans or people of that character have settled, the price of property immediately increases. They are good neighbors, good citizens and will be welcomed in any community."

#### Death of Noted Horseman.

New York, Dec. 6.—John Drew of Peterson, N. J., a prominent retired horseman, died here last night of heart failure. He was 67 years old. Mr. Drew came to this city yesterday to appear as a witness before the board of review of the National Trotting association. He was a man of considerable wealth.
